

PROLINEA DOOR HANDLE RANGE

Operational Reliability
Tested to British Standards achieving 50,000 cycles under-load

2 Lever Options
Universal lever/lever & lever/pad options with ergonomic finger grips

Anti-sag Spring Mechanism
captive within the backplate, ensures consistent lever return to 90°

For Sprung & Unsprung door locks

2 Backplates Sizes
220mm & 240mm to suit most locking systems

Weather Resistant Finishes
Salt spray tested to 240 hours (plated finishes) & 480 hours (powder coated finishes)

8 SUITED COLOUR OPTIONS

The ProLinea door handle range, designed by Mila's in-house product design team, are suitable for PVCu residential doors. Manufactured from aluminium (painted and anodised finishes) and zinc (plated finishes) the range is available in a choice of eight weather resistant colours.

Both lever/lever and lever/pad options, suitable for both left and right handed doors, feature ergonomic finger grips for optimum comfort and ease of use.

Simple-to-fit during fabrication or on-site, the door handle range is supplied complete with spindle and fixing screws as standard.

To speed fabrication the handle backplate houses a captive spring mechanism that also ensures that the lever returns consistently to 90° to avoid 'handle sag'.

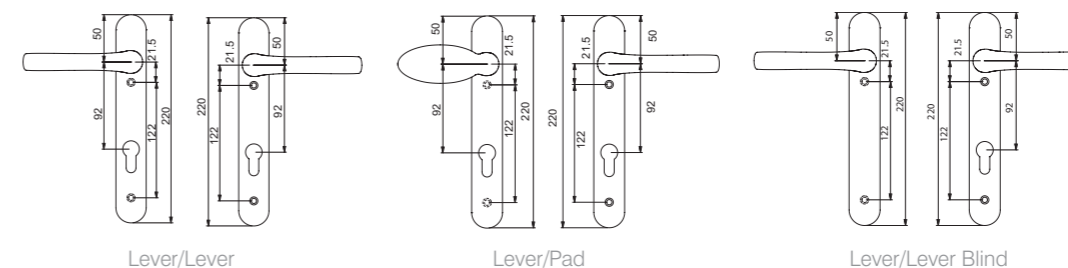

Independently performance tested to the latest British Standards, achieving 50,000 cycles under-load to ensure operational reliability and has been salt spray tested to 240 hours (plated finishes) and 480 hours (powder coated finishes) for guaranteed weather resistance.

The ProLinea door handle range is suitable for use with both sprung and unsprung door locks and is available in two backplates sizes - 220mm and 240mm - to suit most locking systems.

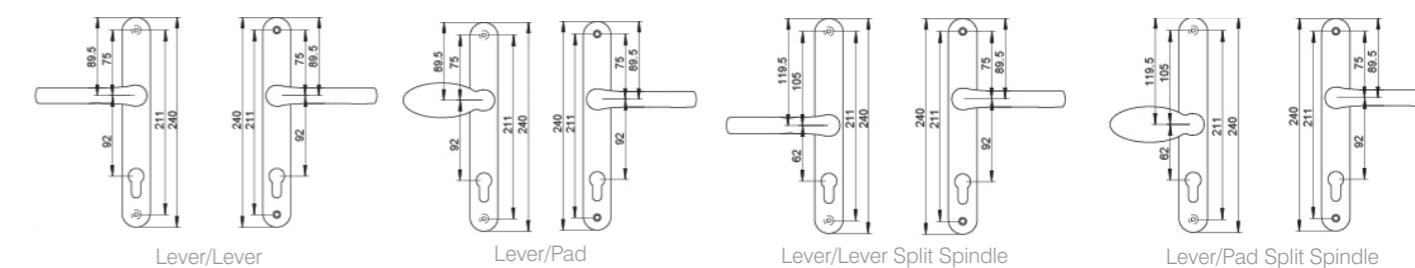

10 Mechanical Guarantee years
10 Surface Finish (Plated coat) Guarantee years
5 Surface Finish (Powder coat) Guarantee years
